HAND CRAFTED

VACUUM SEALED *fresh & safe*

COLD PROCESSED

TORN APRON Foods was created in July of 2020 by Joe Cavey. The company is focused on delivering true restaurant quality prepared foods to be enjoyed with the convenience of a microwave. Our products are minimally processed with clean ingredients, then blast chilled and packaged under vacuum to preserve the freshness and flavor without additives. Our industry leading shelf life allows operators in all segments the ability to offer their guests a premium meal where and when they need it. Colleges, Hospitals, Corporate dining/micro markets, bookstores, specialty retailers, travel plazas.. And many other great locations. Our products offer a nice compliment to a traditional sandwich and salad display without the perishability and distribution limitations of shorter shelf-life items. Thank you for your consideration of TORN APRON.... CHEF CREATED | FOODIE APPROVED fresh cuisine. We look forward to serving you soon

REFRIGERATED SHELF LIFE OF FRESH RED MEAT BY PACKAGE STYLE

Packaging Innovations

TORN APRON Foods utilizes several groundbreaking packaging innovations to produce true artisan quality foods with game-changing fresh shelf life. The chart to the left shows the refrigerated shelf-life differences between traditional packaging, modified atmosphere (MAP) and Vacuum Packaging (VSP). By removing 98%+ of the atmosphere from the packaging chamber prior to sealing, the extension of refrigerated shelf life is quite dramatic. Additionally, VSP packaging further allows foods to be cold-pasteurized via HPP which can extend even further.

We align the functionality with CPT's GO-GREEN best in class, sustainably produced food trays to combine great presentation, shelf life and sustainability into one integrated meal solution.
